A Sense of Belonging

Every family wants a school where they feel a sense of belonging. A place that shares their own values, provides a safe learning environment and delivers a positive, successful school experience for their child. Zion Lutheran School is such a place. We are a school where children and families are a part of a community. A community that cares and supports your family and puts the best interests of your child first.

Zion Lutheran School is a place where children and families are a part of a caring, supportive community.

We believe, that as a parent, you are your child's first teacher. You have been and will continue to be an important part of your child's learning. At Zion, parents are viewed as partners – a partnership that works toward the common goal of seeing students learn and succeed. This partnership builds a strong connection between home and school based on cooperation, frequent communication and trust. We value parent engagement in student learning and welcome parent involvement in the life of the school.

Partnering with parents is a critical part of our school's and your child's success.

"It puts a parent's mind at ease to know your child is safe and cared for at Zion." -

Raina Lahti, parent & PTL president

"As a graduate of Zion, my daughter was extremely well prepared for her future studies. The teachers did a fantastic job" -

Ken Schoepp, parent

Our Focus Is Learning

Zion Lutheran School is committed to focusing on the learning needs of each and every child. This is accomplished by teachers taking the time to know your child's strengths and areas where students need to develop. We have a team of committed, professional educators that hold high expectations for students and deliver high quality instruction to support each child's academic progress. Our focus on learning is achieved by smaller class sizes and limits on the amount of students in each class. For these reasons, students receive the individual attention they need to be successful.

High quality instruction and smaller class sizes provide students with the opportunity to reach their potential.

"Zion creates a strong foundation for learning...and for life." -

-Grant McMaster, Alumni & parent

Transforming Lives Through Christian Education

At Zion, Christ-centred education transforms students' lives. Classroom devotions and prayer, Christian Studies curriculum and weekly chapel services are all means by which students hear God's Word, know of His love and are assured of His grace. With Christian teachers and support staff serving as role models, students see others living a life of faith. Through teachable moments and opportunities for Christian service, students grow spiritually and learn to apply the Christian faith in their own lives.

Christ-centred education happens when our Christian teachers integrate the faith in every classroom, every day.
